ANNOTATIONES ZOOLOGICÆ JAPONENSES

VOLUME 45

1972

PUBLISHED BY
THE ZOOLOGICAL SOCIETY OF JAPAN

CONTENTS

No. 1, March 31, 1972

SATOH, K., and K. TAKEWAKI: Fine Structure of Lutein Cells from Immature Rats Treated with Large and Small Doses of PMS-HCG.....	1
URASAKI, H.: Effect of Pinealectomy on Gonadal Development in the Japanese Killifish (Medaka), <i>Oryzias latipes</i>	10
ANGELIS, E. DE, A. VIGLIA, T. WATANABE, H. SHIRAI, J. KUBOTA and H. KANATANI: Presence of Granules Containing Gonad-Stimulating Substance in Starfish Radial Nerve	16
SAWADA, I.: Helminth Fauna of Bats in Japan X	22
UCHIDA, H.: Record of a Species of <i>Dinophilus</i> (Archannelida, Dinophilidae) from Japan	29
MURAKAMI, Y.: Two New <i>Epanerchodus</i> (Polydesmidae) from Limestone Caves in Southern Shikoku, Japan	35
UÉNO, S.-I.: A New Endogean <i>Trechiana</i> (Coleoptera, Trechinae) from the Northern Side of Central Japan	42
SATÔ, M.: New Dytiscid Beetles from Japan.....	49
KUROKAWA, H.: On the Spermatheca of <i>Drosophila ezoana</i> Takada and Okada	60

No. 2, June 30, 1972

TSUCHIYA, T., and K. TAKAHASHI: Calcium and the Activity of Cilia on the Gill of the Mussel, <i>Mytilus edulis</i>	63
KIMURA, S., and K. MARUYAMA: Contractility of Myosin B Fibers.....	71
OIKAWA, T.: Histochemical Demonstration of Fluorogenic Amines in the Cytoplasm of Chromaffin Cells (Colorless Melanophores) in the Skin of the Medaka, <i>Oryzias latipes</i>	76
MATSUMOTO, A.: Effects of X-Ray Irradiation in Early Postnatal Rats on Subsequent Development of Ovaries	80
UCHIKAWA, K.: <i>Eadidea silvatica</i> n. sp. (Acarina, Myobiidae) Parasitic on the Japanese Shrew-Mole, <i>Dymecodon pilirostris</i> (Mammalia, Talpidae)....	88
ISHIKAWA, K.: Studies on the Mesostigmatid Mites in Japan. V. Family Ameroseiidae Evans	94
MURAKAMI, Y.: Two New Cave Millipeds of the Genus <i>Epanerchodus</i> from Kôchi Prefecture, Japan.....	104

UÉNO, S.-I.: A New Anophthalmic <i>Trechiana</i> (Coleoptera, Trechinae) Found in an Old Mine of the Izu Peninsula, Central Japan	111
---	-----

No. 3, September 30, 1972

HIGASHI, A.: The Thickness of the Cortex and Some Analytical Experiments of Thixotropy in Sea Urchin Eggs	119
TAZAWA, E.: Effect of 2, 4 Dinitrophenol on the Respiration of Unfertilized and Fertilized Eggs of Echiuroid and Oyster	145
URASAKI, H.: Role of the Pineal Gland in Gonadal Development in the Fish, <i>Oryzias latipes</i>	152
ONITAKE, K.: Morphological Studies of Normal Sex-Differentiation and Induced Sex-Reversal Process of Gonads in the Medaka, <i>Oryzias latipes</i> ..	159
KIKUCHI, Y.: Psammobiontic Harpacticoid Copepods of Lake Hinuma, II..	170
UÉNO, S.-I.: Two New Trechine Beetles from Nepal Himalaya Obtained by the Hokkaido University Scientific Expedition 1968.....	178

No. 4, December 20, 1972

ŌSAKI, H.: Electron Microscope Studies on Developing Oocytes of the Spider, <i>Plexippus paykulli</i>	187
TAKAHASHI, N., and K. YAMAMOTO: Crystalline Structure in the Maturing Yolk Granules of Surf Clam Oocytes	201
FUJII, T., and K. MARUYAMA: Activation of Actomyosin ATPase Activity by Troponin-Tropomyosin Complex	208
OGURO, C., and M. UCHIYAMA: Effects of Exogenous Estrogen on the Serum Calcium Concentration in the Snake, <i>Rhabdophis tigrinus tigrinus</i>	214
IWASAWA, H., and H. MICHIBATA: Comparative Morphology of Sperm Storage Portion of Wolffian Duct in Japanese Anurans	218
KAWAKATSU, M.: The Freshwater Planaria from the Philippines	234
SAWADA, I.: Helminth Fauna of Bats in Japan XII	245
UÉNO, S.-I.: Occurrence of <i>Trechiana</i> (Coleoptera, Trechinae) in Northern Kyushu, Southwest Japan	250
